## Robert Parker's Great Value Wines

**Seriously good wine at remarkably fair prices.**

Widely considered to be the world's most influential wine critic, Robert Parker earned his international reputation and unprecedented influence as a dedicated consumer advocate – if a wine isn't worth the money, he says so. For the very first time, Parker and his *Wine Advocate* team offer budget-minded wine buyers an accessible guide to low-priced wines for both everyday drinking and special occasions.

**Robert Parker's Great Value Wines** promises to recommend exquisite bottles of wine, all of which cost no more than £20. Whether you're in the mood for Merlot from Hawke's bay or Chardonnay from Colchagua Valley, discover a wealth of hidden gems that taste three times their price.

Featuring wines from all over the world, the book lists more than 1500 quality wine producers as well as tasting notes for over 3000 of the best value wines. Each chapter includes a snapshot of each country's wine-producing regions, highlighting those that are up-and-coming and detailing in what season the wine's are best consumed. Also featuring a vintage section and lists such as 'the best of the best,' **Robert Parker's Great Value Wines** is an essential guide for finding fantastic but affordable wines whether you're planning an impressive dinner party or a mid-week meal.
